

Technology

1. Talk about how technology has changed in your lifetime.
2. What do you think has been the most important new invention in the last 100 years?
3. Are there any new gadgets that you really want to get? Or do you prefer to use technology that you are comfortable with?
4. What do you think will be the next biggest technological advance?
5. What is your favorite piece of technology that you own?
6. How will computers change in the future?
7. Is there a piece of technology that you really want that doesn't exist? (i.e. flying cars, teleportation, etc.)
8. Give some examples of technology that have made the world better, and some that have made it worse.
9. What do you think is the most important thing that humans have created?
10. Do you think that people will travel outside of our solar system? How will they get there?
11. What is the future of transportation in your opinion?
